Port Adriano.—Staged by Port Adriano, with the support of the island's leading car clubs, the action gets underway from 18.00 on Wednesday evening at The Boathouse Restaurant on Palma's Paseo Marítimo, with a welcome barbecue and opening ceremony—in vintage American style!

Throughout the event, some 40 very special vehicles will be judged in Mallorca's inaugural Concours d'Elegance—a competition for only the highest quality classic cars.

An internationally recognized concept - the most famous being the legendary Pebble Beach Concours in America - the judges will be scrutinizing every little detail of each vehicle and giving points for originality and condition.

These cars need to be flawless to come away with any prizes. And the prize they will all be after is "The Russell Stevens Award" for the best car in the show!

On Thursday and Friday the drivers will be taking their vehicles around the island's fabulous roads on a series of scenic tours, which culminate in a cocktail party back in Port Adriano, hosted by one of the sponsors, Sixt rent a car.

But the Classic Festival on Saturday is the big one, and definitely something you need to put in your di-

ary and take your family and friends along too! The fabulous Philippe Starck designed marina of Port Adriano provides the perfect venue, with free entry for all, and food trucks providing classic American Food at very reasonable prices, there's a full programme of activity to keep you entertained!

Many sponsors are supporting this event, the principal ones being Sixt rent a car, BMW, Stockinger, Melia Hotels & Resorts and Balearia.

And all net revenues are going to support three very worthy good causes: The JoyRon Foundation, Mallorca Sense Fam and Lions International.
